Seeds--Bulbs--Plants

FIELD SEEDS FOR FALL SOWING

Sow all your grain, such as Rye, Oats and Wheat in September and October; even November plantings do well. Cover and pasture crops such as Crimson Clover, Vetch, Burr Clover should be sown in September and through October. Don't put it off. Alfalfa, Red Clover, Alsike, Timothy, Red Top and other grasses do best when sown in the fall.

All prices are for immediate acceptance and subject to market changes, F. O. B. Elizabeth City. However, we will protect these prices as long as we are able to do so. If you order any seeds by parcel post be sure to include money for postage.

Our Annual Catalog will tell you how much to sow and when to sow. Get a copy; it's free to all customers.

Permanent Pasture

Permanent pasture is one of the very best paying investments that can be made on the farm. After careful experiment the State Agricultural Experiment Station recommends the following as the best mixture for this section: 8 lbs. Orchard Grass, 8 lbs. Red Top, 8 lbs. Italian Rye Grass, 8 lbs. Alsike Clover, 4 lbs. Red Clover, 4 lbs. White Clover. Total seeding per acre, 40 lbs. For surest and best results should be sown in the fall. Try it.

FLOWER SEEDS FOR FALL PLANTING

The following flower seed may be sown outside in the fall to advantage. Fall sowings make finer plants, earlier, larger and more brilliant blooms. Perennials and biennials bloom the next summer, advancing the blooming season a year.

Blue Blooded Evergreen Mixed Lawn Grass

Nothing adds more to the external attractiveness of a home than a beautiful lawn, and fall is by far the best season to sow lawn grass. See our catalog for full instructions. We feel fully justified in stating that this is the best Lawn Grass procurable at any price. It is better adapted to the different soils of the South, and stands the heat and drought of summer as well as severe cold better than the various mixtures so commonly offered. Nothing but the choicest, cleanest and heaviest seeds go into it. Postpaid—Lb. 55c; 5 lbs. \$2.35; 10 lbs. \$4.50. Not prepaid—Lb. 45c; 5 lbs. \$2.15; 10 lbs. \$4.25; 25 lbs. \$10.00; 100 lbs. \$38.00.

Plant Blue Blooded Seeds Now for Early Spring Use

Double Tulips.

Tulips

The great variety of dazzling colors, in every conceivable combination, makes the Tulip the most popular of the spring-flowering bulbs. By planting bulbs of the different classes, a display of bloom may be had for several weeks, beginning first with the early-flowering section and ending with the Darwins.

Single Early Tulips

The Single Early Tulip is one of the most attractive and popular spring-blooming flowers for garden borders and for bedding. Most of those named below are equally valuable for pot culture indoors.

	Each.	Doz.	100.
Artus. Scarlet, fine shaped flower.....	\$.07	\$.65	\$4.75
Belle Alliance. Scarlet, sweet scent; forcer.....	.08	.75	5.50
Chrysolora. Golden yellow, good bedder.....	.08	.70	5.00
Cottage Maid. White bordered pink, fine bedder.....	.07	.65	4.75
Crimson Brilliant. Brilliant red, fine forcer.....	.07	.60	4.25
Klezerkroon. Bright red bordered yellow; fine bedder or forcer.....	.10	1.00	7.00
La Reine. White, sometimes blush pink; forcer.....	.07	.60	4.25
Thomas Moore. Apricot orange, fine early forcer.....	.08	.70	5.00
White Hawk. Pure white, egg shaped, late.....	.08	.70	5.25
Wouwerman. Purple violet, large, fine bedder.....	.09	.75	5.50
Yellow Prince. Rich yellow, sweet scented, forcer.....	.08	.70	5.00
Blue Blooded Mixture. Our own mixture of named varieties.....	..	.60	3.75

Double Early Tulips

Double Early Tulips are used extensively for forcing, but are equally valuable for bedding purposes. They remain in bloom longer than do the single sorts, but do not make quite as fine show.

	Each.	Doz.	100.
Boule de Nieve. Pure white, large.....	\$.09	\$.85	\$6.00
Murillo. Blush white; best double forcer.....	.08	.65	4.50
Rubra Maxima. Deep red, forcer or bedder.....	.08	.75	5.00
Tearose. Saffron yellow, excellent forcer.....	.08	.75	5.25
Vuurbaak. Bright vermilion, best double red forcer.....	.10	1.00	7.00
Blue Blooded Mixture. Superior mixture from named varieties.....	..	.60	4.00

Giant Darwin Tulips

Darwin Tulips, known as "The Tulip Aristocrats," belong to the late-flowering class; they are distinct in style of growth, the large, brilliantly colored flowers being borne on long, straight, stout stems. For massing, bedding, or for border planting, the Darwins are unexcelled. They are also very desirable for pot culture, but should be forced slowly.

	Each.	Doz.	100.
Baronne de la Tonnaye. Bright rose pink, light edge.....	.07	\$.60	\$4.50
Bartigon. Dazzling scarlet, strong, good forcer.....	.09	.90	6.50
Clara Butt. Soft salmon pink, extra fine.....	.07	.60	4.00
Dream. Pale heliotrope, shaded violet.....	.07	.65	4.50
Ergusta. Light violet, good forcer.....	.08	.75	5.50
Farncombe Sanders. Bright scarlet, large.....	.07	.65	4.50
Inglescombe Yellow (Cottage). Canary yellow.....	.07	.65	4.50
La Candeur (White Queen). White tinged blush.....	.08	.70	4.75
La Tulipe Noire. Nearly black, large rarity.....	.08	.80	5.75
Madame Krelage. Bright pink, light edge, fine.....	.08	.70	5.00
Painted Lady. Creamy white.....	.07	.65	4.50
Pride of Haarlem. Carmine pink, extra large.....	.07	.65	4.50
Rev. Ewbank. Lilac, light edge.....	.07	.60	4.25
William Pitt. Glowing dark crimson, extra fine.....	.09	.90	6.50
Blue Blooded Mixture. All colors.....	..	.60	4.00

Dutch Breeder Tulips

The Breeder Tulip makes a distinct and worthy contribution to any flower garden, having become quite prominent of late years. They are similar to the Darwins, the flowers are large and run principally in purple, bronze and brown shades. Not suitable for forcing in pots.

	Each.	Doz.	100.
Blue Blooded Mixture. From best varieties.....	\$.07	\$.60	\$4.25

Old English Cottage Tulips (May-Flowering Tulips)

No other spring flowering bulb can approach Cottage Tulips for brilliancy, beauty and usefulness. They are ideal for massing, planting in beds or for the perennial border.

	Each.	Doz.	100.
Blue Blooded Mixture. Choice varieties.....	\$.07	\$.60	\$3.75

Hyacinths

The Hyacinth is so well and favorably known that it is unnecessary to give any detailed description of its broad upright spike or truss thickly set with bell shaped flowers of beautiful wax-like texture. It succeeds well in either the house or garden, adorning both with varied colors and delicious fragrance of its showy flowers. Its culture is very simple, failure being almost impossible.

Top Size Exhibition

Hyacinth.

Comparatively few bulbs of this quality come into this country. They are the very finest, extra large, solid "Mother Bulbs," and should not be confused with those often sold as "Exhibition Size," which the Hollanders consider a second size. To all who wish the finest blooms we recommend these exhibition bulbs.

Our list follows—each one is a gem—no poor or indifferent ones—all large bulbs:

Gertrude. Rosy pink, large compact spike. A first-class variety for forcing, and being of erect habit it is very useful for bedding.

Lady Derby. Vivid pink, fine spike of large waxy bells. Forces easily. One of the finest pink Hyacinths.

La Victoire. Brilliant red, large, well-shaped spike, splendid flower. Forces easily and early. An exhibition variety.

L'Innocence. Pure white, well formed spike. Early and excellent for forcing, also recommended for bedding.

Grand Maitre. Deep porcelain blue, broad, well formed spike. Recommended for forcing and bedding.

Queen of the Blues. Light blue with silvery appearance, large splendid flower. An exhibition variety of great merit. Excellent for forcing and bedding.

Lord Balfour. Purple lilac, large spike and bells. Forces early and easily.

Yellow Hammer. Pure golden yellow, fine broad spike. One of the best yellows for forcing and bedding.

Price of Top-Size Bulbs: 30c each; \$3.00 per doz.; \$22.50 per 100.

First Size

These bulbs are in every way strictly first class and will give perfect satisfaction for either forcing or bedding. This size is often sold as "Exhibition Bulbs," but is slightly smaller than the Exhibition of Top-Size listed above. Varieties same as described above.

Price of First-Size Bulbs: 25c each; \$2.25 per doz.; \$17.50 per 100.

Bedding Hyacinths by Color

Our bedding Hyacinths are unexcelled for use where an effective display is wanted in the open air, and are of such superior quality as to be entirely satisfactory to florists and others who use large quantities for forcing. They comprise the finest shades of color and must not be confused with cheap mixtures sometimes offered for outdoor planting. Offered in the following separate colors:

PURE WHITE	PURPLE
BLUSH WHITE	LIGHT BLUE
LIGHT PINK	DARK BLUE
BRIGHT ROSE	YELLOW
DEEP ROSE	

Prices: 15c each; \$1.50 per doz.; \$11.00 per 100.

Early French Roman Hyacinths

Roman Hyacinths excel all other varieties for forcing in the house, being among the most easily cultivated and most satisfactory of flowering bulbs. The white variety blooms earliest and should be forced slowly. The others require about two weeks longer in forcing and make a most graceful fragrant and early flower for outdoor planting. Offered in the following separate colors:

PINK	WHITE	BLUE
------	-------	------

Prices: 18c each; \$1.75 per doz.; \$13 per 100.

Ornamental Hedge Plants

Ornamental hedges are fast replacing the old wood and iron fences for boundary lines. They add much to the appearance of the home, increasing in beauty from year to year. Japanese Barberry and Privet are the most satisfactory varieties for this purpose.

- Barberry (Bermeris Thunbergii).** Produces natural effect. Requires very little trimming. Described under Hardy Shrubs. 2-year plants, 12 to 18 inches. 100 for \$20.00.
Amor River Privet. Compact habit, small leaves, remain evergreen. 12 to 18-inch plants—100 for \$6.00 18 to 24-inch plants—100 for \$8.00.
California Privet. Vigorous grower, retaining leaves late in winter. 12 to 18-inch plants—100 for \$5.00; 18 to 24-inch plants—100 for \$7.00.

Hardy Climbing Vines

Nothing adds more to the attractiveness of any home than a few well-selected hardy vines. For porches, arbors, etc., and indispensable for hiding outbuildings and unsightly places.

- Clematis (Paniculata or Snowbank).** Sweet-scented Japanese Clematis. Completely covered in September with a mantle of pure snow-white fragrant flowers. Each 50c; doz. \$5.00.
English Ivy. This popular evergreen vine is extensively used for covering brick and stone walls. Each 50c; doz. \$5.00.
Japanese or Boston Ivy (Ampelopsis veitchii). Popular hardy climbing vine that clings to and completely covers any brick or stone wall. Each 50c; doz. \$5.00.
Chinese Wistaria. Hardy rapid-climbing vine, having large clusters of light purple, very fragrant flowers in June and July. Increase in size and beauty each year. Each 50c; doz. \$5.00.
Virginia Creeper (Ampelopsis quinquefolia). A rapid growing native vine, with brilliantly colored foliage in the autumn. Each 35c; doz. \$3.50.
